## Alligator Aquatics would like to partner with you during our upcoming swim season!

Alligator Aquatics is a 501(C)(3) non-profit organization with more than 140 youth athletes involved in our competitive program. Alligator Aquatics focuses not only youth athletes but has a masters swim program as well; focused on promoting a lifetime of health and wellness. Alligator Aquatics started in Arlington Heights, IL in 1978, and is known throughout the country as a first-class year-round program.

Alligator Aquatics athletes practice and use numerous facilities throughout the community including St. Viator High School, Prospect High School, Elk Grove High School, Arlington Heights Park Dist. Recreation Park, and Heritage Park Pools. The skill level of our athletes ranges from beginners to highly accomplished athletes, representing Alligator Aquatics at National Competitions across the country.

Maintaining our high quality of aquatic programming while keeping our fees affordable for athletes is an ongoing challenge for Alligator Aquatics. Providing the values of sportsmanship, physical, emotional and intellectual skills to last a lifetime begins with retention of top-notch coaches. The cost of keeping the program doors open happen only through the assistance of corporate sponsorships and local businesses like you, and it is because of you that are we able to keep this important program alive and thriving within the Arlington Heights community and beyond.

We appreciate the opportunity to have your business sponsor our organization. In return, we will provide multiple points of recognition for you with thousands of points of notice each year. If you wish to become a sponsor, please contact the information listed below.
